Repel Anti-Fog ASTM Level 3

Repel 4-PLY fluid resistance Earloop Face Mask series comes with Cranberry's innovative HydroGuard® layer that provides superior fluid resistance. Repel ASTM level 3 protection exceeds the most stringent ASTM F1862 standards for synthetic blood penetration at 160mmHg, providing strong protection against body fluids/bloods. Repel is 100% latex and fiberglass free, while its inner layer is dye-free, chemical-free, and lint-free.

Repel's Quad-Fold® design provides 15% more breathing volume while the revolutionary CoolSilk® lint-free inner layer offers a cool and long-lasting soft feeling without fluffy irritation.

Repel Anti-fog face mask's exclusive non-woven anti-fog cushion across inner layer greatly reduces fogging of eyewear.

R2970 Series • 50 masks/box, 8 boxes/case

Carbon ASTM Level 3

Cranberry Carbon* Black 4-PLY Earloop Face Masks offer ASTM Level 3 protection with high fluid resistance and greater than 99% BFE/PFE at 0.1 micron. Quad-Fold® design provides greater comfort with 15% more breathing volume. Nose and chin adjustment strips for custom fit and protection. Innovative HydroGuard® layer provides superior fluid resistance that exceeds the most stringent ASTM F1862 specification at 160mmHg. *This mask does not contain carbon filter or carbon fiber.

C2900K Series • 50/Box, 8 Boxes/Case= 400 masks

Vibe ASTM Level 3

BeeSure Vibe 4-PLY Earloop Face Masks offer ASTM Level 3 protection and are 100% latex-free and fiberglass free. The VA DuoSeal™, with top and bottom metal strips, provide a secure fit and unparalleled protection. BeeSure also included an anti-fog flap for clearer visibility. The Quad-Fold design® offers 15% more breathing volume for easy breathability without moisture build-up. Vibe face masks are available in three fun colors to brighten your day - Luminous Blue, Dazzling Green and Glamorous Pink!

BE2500 Series
Luminous Blue BE2500
Glamorous Pink BE2530
Dazzling Green BE2510

50/Box, 8 Boxes/Case= 400 masks

Contour Plus Gloves

Contour Plus Nitrile Powder Free Examination Gloves are Cranberry's first nitrile exam glove with lanolin & vitamin E coating. Its NuComfort® formulation provides unmatched sensitivity, flexibility, easy donning, and superior comfort.

NuComfort® formulation provides unmatched sensitivity. Micro-textured in a Pro-white color.

Coated with a proprietary formulation of lanolin and vitamin E created to soothe symptoms of dehydration and irritation.

3220 Series • 100 gloves per box by weight

SuperSlim Gloves

BeeSure SuperSlim Nitrile Exam gloves makes another breakthrough for the BeeSure brand. SuperSlim reduces storage space and packaging waste. These gloves are an excellent latex free alternative for those who are looking for ultimate tensile strength and flexibility while not compromising the high quality of protection.

Features & Benefits:

Improved formulation provides better tactile sensitivity

Textured fingertips provide exceptional grip
